

# from croquet club to community hall

***help us create a vision for South Brisbane's new Community Hall***

West End Community House has recently secured a 5 year lease of the former South Brisbane Croquet Club at 91 Cordelia Street, South Brisbane. We are now working toward establishing the premises as a new Community Hall, with a view to providing an affordable and accessible meeting space for the local community.

With a small and quirky Clubhouse, and a beautiful green behind, the possibilities for the use and development of this space are myriad, and offer a rare, unique opportunity for the local community.

***We are seeking YOUR support as we explore the future of the premises.***

To help us develop a vision for the premises, West End Community House is hosting a workshop which will bring together some of our key stakeholders, potential users and local supporters of this initiative.

We invite you to come and inspect the Club and contribute to our Workshop as we consider the elements that are needed to ensure it becomes a well known, much loved and well supported facility for our community.

**Workshop Details:**

**10<sup>th</sup> April 2010**

**8.30am for 9am till 12am**
